

Food and Nutrition Security

Organisation Ministry of Foreign Affairs, The Hague	Publication Date May 2020	Reporting Period reports received between 1 September 2018 - 31 December 2019
Budget Holder: KIG		

Result area 1 - Enabling conditions

Food and Nutrition Security

RESULTS

The enabling environment for small businesses to produce nutritious food was improved. The most promising interventions were providing training and providing access to finance through grants .

INDICATORS	Baseline	Target	Result	Source
ST_Number of businesses co-investing in FNS activities	0		0	29214
ST_Number of businesses involved in FNS activities	0	5	4	4000000923; 29214
higher education and training that perform better	NA	NA	0	29214
ST_Number of FNS-relevant trainers trained	NA	NA	365	29214
ST_Number of graduates / trainers employed in FNS area	NA	NA	0	29214
ST_Number of micro entrepreneurs and SMEs supported in agricultural chains/sectors	0	8	25	4000000923

Assessment of the results achieved across the entire result area 1

Assess achieved results compared to planning:	B. Results achieved as planned
Reasons for result achieved.	SMEs and cooperatives are claiming their role in agri-business development. The capacities of SMEs and cooperatives are however still weak.
Implications for planning.	Due attention to provide business development services to SMEs.

Result area 2 - Nutrition

Food and Nutrition Security

Important results were achieved under the nutrition component, particularly related to specific interventions for children 6-59 months old who received appropriated Micro Nutrient Powder and Vitamin A supplementation. Two rounds were held to distribute the supplementation during the maternal and health week campaign. Community Health Workers have taken responsibilities to deliver nutrition services to the children.

RESULTS

INDICATORS	Baseline	Target	Result	Source
ST_Number of people with improved food intake	0		1717095 95559	29214; 4000000923
ST_Total number of undernourished people reached directly 1.1.1	NA	NA	95559	29214
ST_Total number of undernourished people reached indirectly 1.1.2	NA	NA		200000 29214

Assessment of the results achieved across the entire result area 2

Assess achieved results compared to planning:	B. Results achieved as planned
Reasons for result achieved.	Close cooperation with districts.

Implications for planning.	Continue to work more closely with districts.
----------------------------	---

Result area 3 - Productivity

Food and Nutrition Security

Rural all season feeder roads connect small producers with markets, increasing their income. Design and build tender documents have been prepared by the Rwanda Transport Development Agency and put for tendering, amounting to US\$ 60 million. Contracts have been awarded to local contractors and works have started on construction and rehabilitation of feeder roads.

INDICATORS	Baseline	Target	Result	Source
ST_Number of family farms (crop/livestock/fish producers) with improved access to input and/or output markets	0	159600	0	4000000268
ST_Number of family farms (crop/livestock/fish producers) with increased productivity and/or income	0	58400	0	4000000923
SP_Number of kilometres of roads constructed / rehabilitated	0	448	0	4000000268

Assessment of the results achieved across the entire result area 3

Assess achieved results compared to planning:	No result data available.
Reasons for result achieved.	N/A.
Implications for planning.	N/A.

Result area 4 - Sustainability

Food and Nutrition Security

Landscape restoration activities, in close cooperation with the local communities resulted in preparation of land for sustainable production. The Rwandan Water and Forest Authority operates an investment window from which infrastructure works can be financed to improve terrassing on slopes. Technical assistance during the process was provided by a contracted consultant company.
